EASY-FIX **XT**

**XT, CONTINUOUSLY EVOLVING:**  
THE NEW TECHNOLOGY ENHANCES  
THE PERFORMANCES OF THE  
MAGNETIC LOCKS.

AGB is launching the project about the technological innovations in order to improve more the performances of the magnetic locks. In the global market, the maximum adaptability in extreme environmental conditions and in every installation becomes the key of your and our success.

POLARIS **XT** and REVOLUTION **XT**: the clever magnetic locks that win also the most difficult environmental conditions.

MINIMAL PLUS **XT**: the flexible striker with wide adjustments never seen before. For a perfect installation, always!

EASY-FIX **XT**: the adaptable striker for an easy installation.

POLARIS XT AND  
REVOLUTION XT:  
INCOMPARABLE  
PERFORMANCES  
IN EXTREME  
CONDITIONS

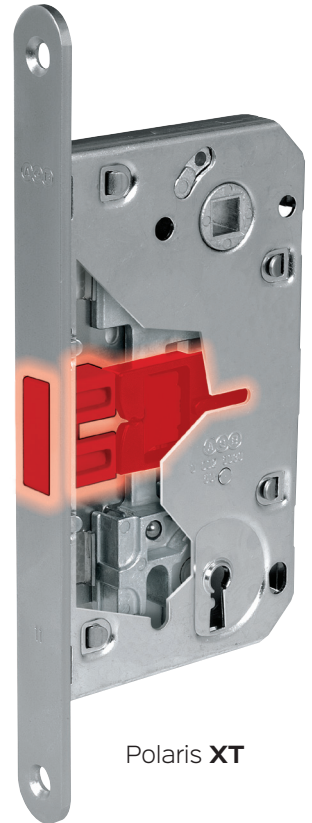

## THE PERFECT LOCKS FOR THE MOST DIFFICULT ENVIRONMENTAL CONDITIONS

The new locks **Polaris XT** and **Revolution XT** have been created with innovative materials in order to ensure the perfect lock functioning even with extreme environmental conditions (humidity, dust, chemical agents).

Revolution **XT**

Polaris **XT**

## RANGE IMPROVEMENT

### FOREND IN STAINLESS STEEL

**Polaris XT** with forend in stainless steel is the everlasting magnetic lock. As concerns the rust resistance, it is second to none.

### FOREND WITH SQUARE ENDS

With the new range improvement, the magnetic lock is on demand, even with the square ends forend.

## MINIMAL PLUS XT

EXTREME ADJUSTMENTS,  
CERTAIN CLOSING

The imprecise installation on site will be not a problem anymore!

Minimal Plus XT offers an extremely wide adjustments range, to allow a correct door closing even with extreme installations.

The producer is free of after-sales requests, due to the most common problems during installation.

UP TO 4,5 MM  
ADJUSTMENT

up to 1,5 mm

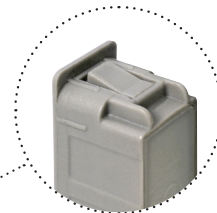

Wide adjustments even when the striker is already installed.

## EASY-FIX XT

EXTREME VERSATILITY, EXTREME FREEDOM

Easy-Fix XT is planned to let maximum freedom to door producer and installer.

Easy-Fix XT is born to be installed even on site, just milling the frame!

The clip system blocks the latch cover tray on the plate.
